MANAGEMENT DISCUSSION AND ANALYSIS REPORT

Economy

Global

The global economy is still marred by profound shocks and unprecedented uncertainty. Mixed signals are emanating from the geopolitical situation and financial market volatility. Just as the COVID-19 pandemic was receding, the war in Ukraine overwhelmed the world and fundamentally altered the global economic outlook. Surges in food and energy prices and shortages in key staples have severely affected the poorer sections across the world. Though international food, energy and other commodity prices have eased moderately in recent times, inflation remains high and broad-based.

India

In this hostile international environment, the Indian economy remains resilient, drawing strength from its macroeconomic fundamentals. Our financial system remains robust and stable. Banks and corporates are healthier than before the crisis. India is widely seen as a bright spot in an otherwise gloomy world. Yet, our inflation remains elevated, as in most parts of the world.

Textile Industry

Global

The Russia-Ukraine war impacted the pace of the global market recovery from the COVID-19 pandemic. The war has led to economic sanctions on multiple countries, a surge in commodity prices and supply chain disruptions, causing inflation across goods and services affecting many markets across the globe. However, the global textile market grew from \$573.22 billion in 2022 to \$610.91 billion in 2023 at a compound annual growth rate (CAGR) of 6.6%.

India

Empowered with the abundant availabilities of raw material, India also has a large pool of manpower which is advantageous since textile and apparel is a labour-intensive sector. The Indian Textile and apparel manufacturing is second largest in the world that spans the entire value chain from fibre to finished goods. All these factors promoted India as one of the leading manufactures and a sourcing hub. The enthusiasm in the textile industry on account of the latest FTAs is expected to move beyond enhanced market access and trade.

There appears to be plenty of opportunities for the Indian yarn arising globally as the majority of Companies and Customers are looking for market diversification and explicitly, India is the most favoured destination. The Country has the potential to grab the emerging demands and markets by making investments in sustainability, circularity and traceability, supported by the concluded / yet to be concluded FTAs.

Yarn

The majority of cotton yarn produced across the globe is used to manufacture apparels. Currently, consumers and brands are promoting sustainable fashion like never before, and clothing made using cotton yarn is an excellent choice for sustainability. High cotton yarn price was compounded by a rise in cotton prices. Challenges such as the Russia - Ukraine war have further contributed to the price rise. However, the prices of cotton are returning to normalization as the supply chain is getting back on track. This in turn is expected to normalize the industry in the next few years. Nowadays, key fashion houses and retailers have started to progressively incorporate cotton into the supply chains resulting in a significant increase in the product demand. This is anticipated to benefit and create new opportunities for the cotton yarn market growth. Thus, rising demand from the global textile industry is likely to drive its market growth.

FUTURE OUTLOOK OF THE COMPANY

Blended yarn products are the most preferred in the textile industry due to its unique features like lower price and availability at almost uniform price throughout the year. The future of the Company looks promising. Empowered by the significant advantages in availability of raw material and labour. We are capitalizing the opportunity to increase its share in textiles trade with a quantum leap, rather than the incremental gains that it achieved in the past.

We are focused on promoting technology upgradation, skill development to manufacture good quality product. These initiatives are likely to create a positive environment for future growth. We are equipped with the hi-tech integrated facilities, enthused work force, progressive business model and empowered by loyal customer base and drive for enhancing value for all stakeholders. We remains optimistic about healthy growth and prosperity in the coming years also.

THE COMPANY

INTERNAL CONTROL SYSTEMS AND THEIR ADEQUACY

A strong internal control is pervasive in the Company. The Company has a well established framework of internal control in all areas of its operations, including suitable monitoring procedures, competent and qualified personnel. The Internal Audit department also assesses the opportunities for improvement in business processes, systems and controls, provides recommendations, designed to add value to the Company. In addition to statutory audit, the financial controls of the Company at various locations are reviewed by the Internal Auditors, who report their findings to the Audit Committee of the Board. The Audit Committee actively reviews the adequacy and effectiveness of internal control system and suggests further strengthening the same, if so required. The Committee meets to review the progress of the internal audit initiatives, significant audit observations, planning and implementation of follow up action required. The Company conducts its business with integrity and high standard of ethical behavior and in compliance with the applicable laws and regulations that govern its business.

POLICY ON PREVENTION OF SEXUAL HARASSMENT AT WORKPLACES

The Company has zero tolerance for sexual harassment at workplace and has adopted a Policy on Prevention of Sexual Harassment at Workplace in line with the provisions of the Sexual Harassment of Women at Workplace (Prevention, Prohibition and Redressal) Act, 2013. The Management of the Company has also constituted an Internal Complaints Committee at its workplaces to consider and redress the complaints of Sexual Harassment. During the year under review, the Company has not received any complaint on sexual harassment.

RISKS & CONCERNS

Business risks exist for every Company having national and international exposure. Your Company also faces some such risks, the key ones are unfavorable raw material price, financial & liquidity & unexpected changes in regulatory framework. To ensure long-term success, it is therefore essential that risks be effectively identified, analyzed and then mitigated by means of appropriate control measures.

We have a comprehensive risk management system/policy in place, which enables us to assess, mitigate and to monitor the different risks exposed to the industry in which the Company operates and to take the appropriate action, where ever required.

HEALTH AND SAFETY MEASURES

The Company has health and workplace safety programs in place and has established policies and procedures aimed at ensuring compliance with applicable laws/legislative requirements. The Company believes that the health and safety of the workers and the persons residing in the vicinity of its plants is fundamental to the business. Commitment to the identification and elimination or control of the workplace hazards for protection of all is utmost importance.

HISAR SPINNING MILLS LIMITED

HUMAN RESOURCES AND INDUSTRIAL RELATIONS

The permanent employee strength of Company as on March 31, 2023 was Ninety Five. The Company recognizes the importance and contribution of its human resources for its growth and development and is committed to the development of its people. The Company has been adopting methods and practices for Human Resources development. With utmost respect to human values, the Company continues to develop its human resources, through appropriate trainings, workshops, motivation/leadership techniques and employee welfare activities at regular intervals.

INDEPENDENT AUDITOR'S REPORT

To the Members of Hisar Spinning Mills Limited

Report on the Audit of the Financial Statements

Opinion

We have audited the accompanying financial statements of Hisar Spinning Mills Limited ("the Company"), which comprise the Balance Sheet as at 31st March, 2023, the Statement of Profit and Loss (including Other Comprehensive Income), the Statement of Changes in Equity and Statement of Cash Flows for the year then ended, and notes to the financial statements, including a summary of significant accounting policies and other explanatory information.

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid financial statements give the information required by the Companies Act, 2013 ("the Act") in the manner so required and give a true and fair view in conformity with the Indian Accounting Standards prescribed under Section 133 of the Act read with the Companies (Indian Accounting Standards) Rules, 2015, as amended, ("Ind AS") and other accounting principles generally accepted in India, of the state of affairs of the Company as at 31st March, 2023, its profit including other comprehensive income, changes in equity and its cash flows for the year ended on that date.

Basis for Opinion

We conducted our audit of the financial statements in accordance with the Standards on Auditing (SAs) specified under Section 143(10) of the Act. Our responsibilities under those Standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India (ICAI) together with the ethical requirements that are relevant to our audit of the financial statements under the provisions of the Act and the Rules made thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the ICAI's Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the financial statements.

Key Audit Matters

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the financial statements for the financial year ended 31st March, 2023. We have determined that there are no key audit matters to communicate in our report.

HISAR SPINNING MILLS LIMITED

Other Information

The Company's Board of Directors is responsible for the other information. The other information comprises the information included in the Company's Annual Report, but does not include the financial statements and our auditor's report thereon. The Company's Annual Report is expected to be made available to us after the date of this auditor's report.

Our opinion on the financial statements does not cover the other information and we will not express any form of assurance conclusion thereon.

In connection with our audit of the financial statements, our responsibility is to read the other information identified above when it becomes available and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained in the audit, or otherwise appears to be materially misstated.

When we read the Company's Annual Report, if we conclude that there is a material misstatement therein, we are required to communicate the matter to the Company's Board of Directors and those charged with governance and describe actions applicable under the applicable laws and regulations.

Management's Responsibility for the Financial Statements

The Company's Board of Directors is responsible for the matters stated in Section 134(5) of the Act with respect to the preparation of these financial statements that give a true and fair view of the financial position, financial performance including other comprehensive income, changes in equity and cash flows of the Company in accordance with the accounting principles generally accepted in India, including the Indian Accounting Standards (Ind AS) specified under Section 133 of the Act read with the Companies (Indian Accounting Standards) Rules, 2015, as amended. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding of the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and the design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

The Board of Directors is also responsible for overseeing the Company's financial reporting process.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

1. Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
2. Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under Section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the Company has adequate internal financial controls with reference to the financial statements in place and the operating effectiveness of such controls.
3. Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
4. Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.
5. Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the financial statements for the financial year ended 31st March, 2023 and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

HISAR SPINNING MILLS LIMITED

Report on Other Legal and Regulatory Requirements

ANNEXURE A TO THE INDEPENDENT AUDITOR'S REPORT

(Referred to in paragraph 1 under 'Report on Other Legal and Regulatory Requirements' section of our report to the Members of Hisar Spinning Mills Limited of even date)

In terms of the information and explanations sought by us and given by the Company and the books of account and records examined by us in the normal course of audit and to the best of our knowledge and belief, we state that:

- (i) In respect of the Company's Property, Plant and Equipment and Intangible Assets:
 - (a) (A) The Company has maintained proper records showing full particulars, including quantitative details and situation of Property, Plant and Equipment and Capital work-in-progress.
 - (B) The Company has not held any intangible asset during the period under review. Accordingly, the reporting under clause 3(i)(a)(B) of the Order is not applicable.
 - (b) The Property, Plant and Equipment have been physically verified during the year by the Management in accordance with a regular programme of verification which in our opinion, provides for physical verification of all the Property, Plant and Equipment at reasonable intervals. No material discrepancies were noticed on such verification.
 - (c) The title deeds of all the Immovable properties disclosed in the financial statements are held in the name of the Company.
 - (d) The Company has not revalued its Property, Plant and Equipment during the year.
 - (e) There are no proceedings initiated or are pending against the Company for holding any benami property under the Prohibition of Benami Property Transactions Act, 1988 and rules made thereunder.
- (ii) (a) The inventories except for goods-in-transit and stocks held with third parties, were physically verified during the year by the Management at reasonable intervals. In our opinion, the coverage and procedure of such verification by the Management is appropriate having regard to the size of the Company and the nature of its operations. For stocks held with third parties at the year-end, written confirmations have been obtained and in respect of goods-in-transit, the goods have been received subsequent to the year-end. No discrepancies of 10% or more in the aggregate for each class of inventories were noticed on such physical verification of inventories, when compared with the books of account.
- (b) The Company has not been sanctioned working capital limits in excess of five crore rupees, in aggregate, from banks or financial institutions on the basis of security of current assets at any point of time during the year. Accordingly, the reporting under clause 3(ii) (b) of the Order is not applicable.

- (iii) The Company has not made any investments in, provided any guarantee or security or granted any loans or advances in the nature of loans, secured or unsecured, to companies, firms, Limited Liability Partnerships or any other parties during the year except for that the Company has granted interest free unsecured loans or advances in the nature of loans to employees during the year, in respect of which:

- (a) The Company has provided loans or advances in the nature of loans to employees and details of which are given below:

| Particulars | | Amount (₹ in Lakhs) |
|-------------|--|---------------------|
| A. | Aggregate amount of loans or advances in the nature of loans granted during the year to Employees: | 5.69 |
| B. | Balance outstanding as at balance sheet date with Employees: | 0.00 |

- (b) The terms and conditions of the grant of all the above-mentioned loans or advances in the nature of loans to employees during the year are, in our opinion, prima facie, not prejudicial to the Company's interest.
- (c) In respect of loans or advances in the nature of loans granted to employees, the schedule of repayment of principal has been stipulated and the repayments of principal amounts are regular as per stipulation. There are no interest bearing loans given by the Company.
- (d) In respect of loans or advances in the nature of loans granted by the Company, there is no overdue amount remaining outstanding as at the balance sheet date.
- (e) No loan or advance in the nature of loan granted by the Company which has fallen due during the year, has been renewed or extended or fresh loans granted to settle the overdues of existing loans given to the same parties.
- (f) The Company has not granted any loans or advances in the nature of loans either repayable on demand or without specifying any terms or period of repayment during the year. Accordingly, the reporting under clause 3(iii) (f) of the Order is not applicable.
- (iv) The Company has not granted any loans, made investments or provided guarantees or securities that are covered under the provisions of sections 185 or 186 of the Act. Accordingly, the reporting under clause 3(iv) of the Order is not applicable.
- (v) The Company has not accepted any deposit or amounts which are deemed to be deposits. Accordingly, the reporting under clause 3(v) of the Order is not applicable.
- (vi) The maintenance of cost records has been specified by the Central Government under Section 148(1) of the Act. We have broadly reviewed the books of account maintained by the Company pursuant to the Companies (Cost Records and Audit) Rules, 2014, as amended, prescribed by the Central Government for maintenance of cost records under Section 148(1) of the Act, and are of the opinion that, prima facie, the prescribed cost records have been made and maintained by the Company. We have, however, not made a detailed examination of the cost records with a view to determine whether they are accurate or complete.

HISAR SPINNING MILLS LIMITED

- (vii) (a) The Company is regular in depositing, with the appropriate authorities, undisputed statutory dues including Goods and Services Tax, provident fund, employees' state insurance, income-tax, sales-tax, service tax, duty of customs, duty of excise, value added tax, cess and any other material statutory dues applicable to it, though there has been a slight delay in a few cases. Based on audit procedures performed by us, no undisputed amounts payable in respect of such statutory dues were outstanding, as at 31st March, 2023, for a period of more than six months from the date they became payable.

- (b) Details of statutory dues referred to in sub-clause (a) above which have not been deposited as at 31st March, 2023 on account of any dispute are given below:

| Name of the Statute | Nature of the Dues | Amount (₹) in Lakhs (Gross) | Amount Paid/ adjusted under Protest (₹ in Lakhs) | Period to which the amount relates (Assessment Year) | Forum where dispute is pending |

- (viii) There were no transactions relating to previously unrecorded income that were surrendered or disclosed as income in the tax assessments under the Income Tax Act, 1961 (43 of 1961) during the year.

- (ix) (a) The Company has not defaulted in the repayment of loans or other borrowings or in the payment of interest thereon to any lender during the year.
- (b) The Company has not been declared wilful defaulter by any bank or financial institution or government or any government authority.
- (c) The Company has not taken any term loan during the year and there were no unutilised term loans at the beginning of the year. Accordingly, the reporting under clause 3(ix)(c) of the Order is not applicable.
- (d) On an overall examination of the financial statements of the Company, no funds raised on short-term basis have been used for long-term purposes by the Company.
- (e) The Company does not have any subsidiary, associate or joint venture (as defined in the Act) during the period under review. Accordingly, the reporting under clause 3(ix)(e) of the Order is not applicable.
- (f) The Company does not have any subsidiary, associate or joint venture (as defined in the Act) during the period under review. Accordingly, the reporting under clause 3(ix)(f) of the Order is not applicable.
- (x) (a) The Company has not raised moneys by way of initial public offer or further public offer (including debt instruments) during the year. Accordingly, the reporting under clause 3(x)(a) of the Order is not applicable.
- (b) The Company has not made any preferential allotment or private placement of shares or convertible debentures (fully, partially or optionally convertible) during the year. Accordingly, the reporting under clause 3(x)(b) of the Order is not applicable.

- (xi) (a) To the best of our knowledge, no fraud by the Company and no material fraud on the Company has been noticed or reported during the year.
- (b) To the best of our knowledge, no report under sub-section (12) of Section 143 of the Act has been filed by the auditors in Form ADT-4 as prescribed under Rule 13 of Companies (Audit and Auditors) Rules, 2014 with the Central Government, during the year and up to the date of this report.
- (c) As represented to us by the Management, there were no whistle-blower complaints received by the Company during the year.
- (xii) The Company is not a Nidhi Company. Accordingly, the reporting under clause 3(xii) of the Order is not applicable.
- (xiii) The Company is in compliance with Section 177 and 188 of the Act, where applicable, for all transactions with the related parties and the details of related party transactions have been disclosed in the financial statements etc. as required by the applicable accounting standards.
- (xiv) (a) In our opinion, the Company has an internal audit system commensurate with the size and nature of its business.
- (b) We have considered the internal audit reports issued to the Company during the year and covering the period upto 31st March, 2023.
- (xv) The Company has not entered into any non-cash transactions with its directors or persons connected with its directors and accordingly, provisions of Section 192 of the Act are not applicable to the Company.
- (xvi) (a) The provisions of Section 45-IA of the Reserve Bank of India Act, 1934 (2 of 1934) are not applicable to the Company. Accordingly, the reporting under clause 3(xvi)(a) of the Order is not applicable.
- (b) The Company has not conducted any Non - Banking Financial or Housing Finance activities and is not required to obtain CoR for such activities from the Reserve Bank of India.
- (c) The Company is not a Core Investment Company (CIC) as defined in the regulations made by the Reserve Bank of India. Accordingly, the reporting under clause 3(xvi)(c) of the Order is not applicable.
- (d) The Company does not form part of any Group as defined in the Core Investment Companies (Reserve Bank) Directions, 2018. Accordingly, the reporting under clause 3(xvi)(d) of the Order is not applicable.
- (xvii) The Company has not incurred cash losses in the financial year covered by our audit and in the immediately preceding financial year.
- (xviii) There has been no resignation of the statutory auditors of the Company during the year.

(xix) On the basis of the financial ratios, ageing and expected dates of realisation of financial assets and payment of financial liabilities, other information accompanying the financial statements and our knowledge of the Board of Directors and Management plans and based on our examination of the evidence supporting the assumptions, nothing has come to our attention, which causes us to believe that any material uncertainty exists as on the date of the audit report indicating that Company is not capable of meeting its liabilities existing at the date of balance sheet as and when they fall due within a period of one year from the balance sheet date. We, however, state that this is not an assurance as to the future viability of the Company. We further state that our reporting is based on the facts up to the date of the audit report and we neither give any guarantee nor any assurance that all liabilities falling due within a period of one year from the balance sheet date, will get discharged by the Company as and when they fall due.

(xx) (a) The Company has not transferred the amount remaining unspent (₹ 6.87 lakhs) in respect of other than ongoing projects, to a Fund specified in Schedule VII to the Act, till the date of our report. However, the time period for such transfer i.e. six months of the expiry of the financial year as permitted under the second proviso to sub-section (5) of Section 135 of the Act, has not elapsed till the date of our report.

(b) The Company does not have any amount remaining unspent under sub-section (5) of Section 135 of the Act, pursuant to any ongoing project, which is required to be transferred to special account in compliance with provision of sub-section (6) of Section 135 of the said Act.

ANNEXURE B TO THE INDEPENDENT AUDITOR'S REPORT

(Referred to in paragraph 2(f) under 'Report on Other Legal and Regulatory Requirements' section of our report to the Members of Hisar Spinning Mills Limited of even date)

Report on the Internal Financial Controls with reference to the financial statements under Clause (i) of sub-section 3 of Section 143 of the Act

We have audited the internal financial controls with reference to the financial statements of Hisar Spinning Mills Limited ('the Company') as of 31st March, 2023 in conjunction with our audit of the financial statements of the Company for the year ended on that date.

Management's Responsibility for Internal Financial Controls

The Company's management is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over financial reporting (the 'Guidance Note') issued by the Institute of Chartered Accountants of India. These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to Company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Act.

Auditor's Responsibility

Our responsibility is to express an opinion on the Company's internal financial controls with reference to the financial statements based on our audit. We conducted our audit in accordance with the Guidance Note and the Standards on Auditing as specified under Section 143(10) of the Act, to the extent applicable to an audit of internal financial controls and, both issued by the Institute of Chartered Accountants of India. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls with reference to the financial statements was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system with reference to the financial statements and their operating effectiveness. Our audit of internal financial controls with reference to the financial statements included obtaining an understanding of internal financial controls with reference to the financial statements, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls system with reference to the financial statements.

**Meaning of Internal Financial Controls with reference to the financial statements**

A company's internal financial control with reference to the financial statements is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A Company's internal financial control with reference to the financial statements includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorisations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls with reference to the financial statements

Because of the inherent limitations of internal financial controls with reference to the financial statements, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls with reference to the financial statements to future periods are subject to the risk that the internal financial controls with reference to the financial statements may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, to the best of our information and according to the explanations given to us, the Company has, in all material respects, an adequate internal financial controls system with reference to the financial statements and such internal financial controls with reference to the financial statements were operating effectively as at 31st March, 2023, based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note issued by the Institute of Chartered Accountants of India.

HISAR SPINNING MILLS LIMITED

Notes to financial statements for the year ended 31st March, 2023

1. Corporate Information

Hisar Spinning Mills Limited ("the Company") is a Public Limited Company domiciled in India with its registered office situated at Village & Post Dabra, Hisar -125005, Haryana. The Company has been incorporated under the provisions of Indian Companies Act and its equity shares are listed on the Bombay Stock Exchange (BSE) Limited in India. Corporate identification number of the Company is L17112HR1992PLC031621 and the Company is engaged in the business of manufacturing and sale of cotton yarn blended (textile product).

The financial statements were authorised for issue by the Company's Board of Directors on 30th May, 2023.

2. Significant accounting policies

The Company has consistently applied the following accounting policies to all periods presented in the financial statements.

(a) Basis of preparation of financial statements

These financial statements of the Company have been prepared in accordance with the Indian Accounting Standards ("Ind AS") prescribed under Section 133 of the Companies Act, 2013 ("the Act") read with the Companies (Indian Accounting Standards) Rules, 2015, as amended and other relevant provisions of the Act.

(b) Basis of measurement of financial statements

The financial statements have been prepared on the historical cost basis, except for the following items:

- Defined benefit liabilities/ (assets) are measured at fair value of plan assets less present value of defined benefit obligation.
- Certain financial assets and liabilities (including derivative instruments) are measured at fair value.
- Other financial assets and liabilities are measured at amortised cost.

(c) Functional and Presentation Currency

The financial statements are presented in Indian Rupees ("INR"), which is also the Company's functional currency. All amounts have been rounded-off to the nearest Lakhs up to 2 decimal points, unless otherwise indicated.

(d) Use of estimates and judgments

The preparation of the financial statements in conformity with Ind AS requires management to make estimates, judgments and assumptions. These estimates, judgments and assumptions affect the application of accounting policies and the reported amounts of assets and liabilities, the disclosures of contingent assets and liabilities at the date of the financial statements and reported amounts of revenues and expenses during the period. Accounting estimates could change from period to period. Actual results could differ from those estimates. Appropriate changes in estimates are made as management becomes aware of changes in circumstances surrounding the estimates. Changes in estimates are reflected in the financial statements in the period in which changes are made. Differences between actual results and estimates are recognised in the period in which the results are known/ materialised.

**(e) Current versus non-current classification**

All assets and liabilities have been classified as current or non-current as per the Company's normal operating cycle and other criteria set out in Division II of Schedule III to the Act. Based on the nature of products and the time between the acquisition of assets for processing and their realisation in cash or cash equivalents, the Company has ascertained its operating cycle as 12 months for the purpose of current or non-current classification of assets and liabilities.

Assets

An asset is classified as current when it satisfies any of the following criteria:

- It is expected to be realised in, or is intended to be sold or consumed in, the Company's normal operating cycle;
- It is held primarily for the purpose of being traded;
- It is expected to be realised within 12 months after the reporting date; or
- It is cash or cash equivalent unless it is restricted from being exchanged or used to settle a liability for at least 12 months after the reporting date.

Current assets include the current portion of non-current financial assets. All other assets are classified as non-current.

Liabilities

A liability is classified as current when it satisfies any of the following criteria:

- It is expected to be settled in the Company's normal operating cycle;
- It is held primarily for the purpose of being traded;
- It is due to be settled within 12 months after the reporting date; or
- The Company does not have an unconditional right to defer settlement of the liability for at least 12 months after the reporting date.

Current liabilities include current portion of non-current financial liabilities. All other liabilities are classified as non-current.

(f) Property, plant and equipment

All items of Property, Plant and Equipment are stated at cost less accumulated depreciation (other than freehold land) and accumulated impairment loss, if any. The cost of an item of Property, Plant and Equipment comprises:

- its purchase price including import duties and non-refundable purchase taxes after deducting trade discounts and rebates,
- any attributable expenditure on making the asset ready for its intended use, other incidental expenses and interest on borrowings attributable to acquisition of qualifying fixed assets up to the date the asset is ready for its intended use

HISAR SPINNING MILLS LIMITED

the initial estimate of the costs of dismantling and removing the item and restoring the site on which it is located, the obligation for which an entity incurs either when the item is acquired or as a consequence of having used the item during a particular period for purposes other than to produce inventories during that period.

The Company has elected to continue with the carrying value of all its Property, Plant and Equipment recognised as on 1st April, 2016 measured as per the previous Generally Accepted Accounting Principles (GAAP) and use that carrying value as its deemed cost as on transition date.

Advances paid towards the acquisition of property, plant and equipment outstanding at end of each reporting date is classified as 'capital advances' under the note of "Other non-current assets" and the cost of assets not put to use before such date are disclosed under "Capital work-in-progress".

Subsequent expenditure relating to property, plant and equipment is capitalised only when it is probable that future economic benefits associated with these will flow to the Company and the cost of the item can be measured reliably. Repairs and maintenance costs are recognised in net profit in the Statement of Profit and Loss when incurred.

The Company identifies and determines cost of each component / part of property, plant and equipment separately, if the component/ part has a cost which is significant to the total cost of the property, plant and equipment and has useful life that is materially different from that of the remaining asset.

An item of property, plant and equipment and any significant part initially recognised is derecognised upon disposal or when no future economic benefits are expected from its use. Gains or losses arising from de-recognition of property, plant and equipment are measured as the difference between the net disposal proceeds and the carrying amount of property, plant and equipment and are recognised in the statement of profit and loss when the property, plant and equipment is derecognised.

Depreciation on property, plant and equipment is provided on diminishing balance method (written down value method) in the manner and over the useful life of the assets prescribed under Part 'C' of Schedule II to the Act except for certain items of plant and equipment having gross carrying amount of ₹ 19.60 Lakhs (previous year ₹ 19.60 Lakhs) and of building having gross carrying amount of ₹ 4.21 Lakhs (previous year ₹ 4.21 Lakhs) where the management estimates the life as 3 and 5 years respectively based on internal assessment and independent technical evaluation carried out by external valuers. The management believes that the useful life of 3 and 5 years respectively for the said assets best represent the period over which the management expects to consume future economic benefits embodied in these assets through its use. Hence the useful life of these assets is different from the useful life as prescribed under Part 'C' of Schedule II to the Act.

On the basis of internal assessment and independent technical evaluation carried out by external valuers, the residual value of certain items of plant and equipment having gross carrying amount of ₹ 17.58 lakhs (previous year ₹ 17.58 lakhs) has been considered as ₹ 5.27 lakhs (previous year ₹ 5.27 lakhs) and of building having gross carrying amount of ₹ 4.21 lakhs (previous year ₹ 4.21 lakhs) has been considered as ₹ 0.63 lakhs (previous year ₹ 0.63 lakhs).

The residual values, useful lives and methods of depreciation of property, plant and equipment are reviewed at the end of each financial year and adjusted prospectively, if appropriate.

**(g) Non-current assets classified as held for sale**

The Company classifies non current assets as held for sale if their carrying amounts will be recovered principally through a sale rather than through continuing use. Current assets classified as held for sale are measured at the lower of their carrying amount and fair value less costs to sell. Costs to sell are the incremental costs directly attributable to the disposal of an asset, excluding finance costs and income tax expense.

The criteria for held for sale classification is regarded as met only when the sale is highly probable, and the asset is available for immediate sale in its present condition. Actions required to complete the sale/ distribution should indicate that it is unlikely that significant changes to the sale will be made or that the decision to sell will be withdrawn. Management must be committed to the sale and the sale expected within one year from the date of classification.

For these purposes, sale transactions include exchanges of non-current assets for other non-current assets when the exchange has commercial substance. The criteria for held for sale classification is regarded met only when the assets is available for immediate sale in its present condition, subject only to terms that are usual and customary for sales of such assets, its sale is highly probable; and it will genuinely be sold, not abandoned. The Company treats sale of the asset to be highly probable when:

- The appropriate level of management is committed to a plan to sell the asset,
- An active programme to locate a buyer and complete the plan has been initiated (if applicable),
- The sale is expected to qualify for recognition as a completed sale within one year from the date of classification, and
- Actions required to complete the plan indicate that it is unlikely that significant changes to the plan will be made or that the plan will be withdrawn.

(h) Impairment of assets**i. Financial assets (other than those carried at fair value)**

The Company recognises loss allowances using the Expected Credit Loss (ECL) model for the financial assets which are not fair valued through profit or loss.

Loss allowance for trade receivables with no significant financing component is measured at an amount equal to lifetime ECL. For all other financial assets, expected credit losses are measured at an amount equal to the 12-months ECL, unless there has been a significant increase in credit risk from initial recognition in which case those are measured at lifetime ECL. The amount of expected credit losses (or reversal) that is required to adjust the loss allowance at the reporting date to the amount that is required to be recognised is recognised as an impairment gain or loss in Statement of Profit and Loss.

ii. Non-financial assets

The Company's non-financial assets, other than inventories and deferred tax assets, are reviewed at each reporting date to determine whether there is any indication of impairment. If any such indication exists, then the asset's recoverable amount is estimated. For impairment testing, assets that do not generate independent cash inflows are grouped together into cash-generating units (CGUs). Each CGU represents the smallest group of assets that generates cash inflows that are largely independent of the cash inflows of other assets or CGUs.

The recoverable amount of a CGU (or an individual asset) is the higher of its value in use and its fair value less costs to sell. Value in use is based on the estimated future cash flows, discounted to their present value using a pre-tax discount rate that reflects current market assessments of the time value of money and the risks specific to the CGU (or the asset).

An impairment loss is recognised if the carrying amount of an asset or CGU exceeds its estimated recoverable amount. Impairment losses are recognised in the Statement of Profit and Loss. Impairment loss recognised in respect of a CGU is allocated to reduce the carrying amounts of the assets of the CGU (or group of CGUs) on a pro rata basis.

In respect of assets for which impairment loss has been recognised in prior periods (if any), the Company reviews at each reporting date whether there is any indication that the loss has decreased or no longer exists. An impairment loss is reversed if there has been a change in the estimates used to determine the recoverable amount. Such a reversal is made only to the extent that the asset's carrying amount does not exceed the carrying amount that would have been determined, net of depreciation or amortisation, if no impairment loss had been recognised.

(i) Inventories

Inventories (other than saleable waste) have been valued at lower of cost and net realisable value. However, raw materials and other supplies held for use in the production of inventories are not written down below cost if the finished products in which they will be incorporated are expected to be sold at or above cost.

The cost of inventories comprise all costs of purchase, costs of conversion and other costs incurred in bringing the inventories to their present location and condition; where the costs of purchase of inventories comprise the purchase price, import duties and other taxes (other than those subsequently recoverable by the Company from the taxing authorities), and transport, handling and other costs directly attributable to the acquisition of finished goods, materials and services. Trade discounts, rebates and other similar items are deducted in determining the costs of purchase. The cost in respect of different classifications of inventories is computed as under:

- in case of raw materials, stock-in-trade, stores and spare-parts etc. at first-in-first-out (FIFO) cost method plus direct expenses.
- in case of work-in-progress at raw material cost (determined on FIFO cost method) plus appropriate portion of conversion cost and other overheads incurred depending upon the stage of completion.
- in case of finished goods at raw material cost (determined on FIFO cost method) plus conversion cost, packing cost and other overheads incurred to bring the goods up to their present location and condition.

Saleable waste has been valued at estimated net realisable value.

Net realisable value is the estimated selling price in the ordinary course of business, less estimated costs of completion and to make the sale.

Provision for obsolete/ old inventories is made, wherever required.

HISAR SPINNING MILLS LIMITED

(j) Trade receivables

Trade receivables are amounts due from customers for goods sold performed in the ordinary course of business. If the receivable is expected to be collected within a period of 12 months or less from the reporting date (or in the normal operating cycle of the business, if longer), they are classified as current assets otherwise as non-current assets.

Trade receivables are measured at their transaction price unless it contains a significant financing component in accordance with Ind AS 115 for pricing adjustments embedded in the contract.

(k) Foreign currency transactions

The foreign currency transactions are recorded, on initial recognition in the functional currency, by applying to the foreign currency amount the spot exchange rate between the functional currency and the foreign currency at the date of the transaction.

The foreign currency monetary items are translated using the closing rate at the end of each reporting period. Non-monetary items that are measured in terms of historical cost in a foreign currency shall be translated using the exchange rate at the date of the transaction. Exchange differences arising on the settlement of monetary items or on translating monetary items at rates different from those at which they were translated on initial recognition during the period or in previous financial statements shall be recognised in the Statement of Profit and Loss in the period in which they arise.

(l)

i. Short-term employee benefits

Short-term employee benefit obligations are measured on an undiscounted basis and are expensed as the related service is provided. A liability is recognised for the amount expected to be paid e.g., bonus, if the Company has a present legal or constructive obligation to pay this amount as a result of past service provided by the employee, and the amount of obligation can be estimated reliably.

ii. Defined contribution plans

For certain group of employees, employee benefit in the form of Provident fund, Employees State Insurance Contribution and Labour Welfare fund are defined contribution plans. The Company has no obligation, other than the contribution payable to the respective fund. The Company recognises contribution payable to these funds/ schemes as an expense, when an employee renders the related service. If the contribution payable to the scheme for service received before the balance sheet date exceeds the contribution already paid, the deficit payable to the scheme is recognised as a liability after deducting the contribution already paid. If the contribution already paid exceeds the contribution due for services received before the balance sheet date, then excess is recognised as an asset to the extent that the pre-payment will lead to, for example, a reduction in future payment or a cash refund.

iii. Defined benefit plans

A defined benefit plan is a post-employment benefit plan other than a defined contribution plan. The Company provides for gratuity, a defined benefit retirement plan ('the Gratuity Plan') covering eligible employees of the Company. The Gratuity Plan provides a lump-sum payment to vested employees at retirement, death, incapacitation or termination of employment, of an amount based on the respective employee's salary and the tenure of employment with the Company.

Liabilities with regard to the Gratuity Plan are determined by actuarial valuation, performed by an independent actuary, at each balance sheet date using the projected unit credit method. The Company fully contributes all ascertained liabilities with Life Insurance Corporation of India (LIC) through a trust formed by the Company for the purpose. LIC administrative contributions and contributions are invested in the schemes as permitted by the laws of India.

The Company recognises the net obligation of a defined benefit plan in its balance sheet as an asset or liability. Remeasurement, comprising of actuarial gains and losses, the effect of the asset ceiling, excluding amounts included in net interest on the net defined benefit liability and the return on plan assets (excluding amounts included in net interest on the net defined benefit liability), are recognised immediately in the balance sheet with a corresponding debit or credit to retained earnings through Other Comprehensive Income (OCI) in the period in which they occur. Remeasurement is not reclassified to profit or loss in subsequent periods.

iv. Compensated absences

Based on the leave rules of the Company, employees are not permitted to accumulate leave. Any unavailed privileged leave to the extent encashable is paid to the employees and charged to the Statement of Profit and Loss for the year.

(m) Revenue recognition

The Company recognises revenue when the amount of revenue can be reliably measured, it is probable that future economic benefits will flow to the entity and specific criteria have been met for each of the Company's activities, as described below. The Company bases its estimate of return on historical results, taking into consideration the type of customer, the type of transaction and the specifics of each arrangement.

i. Revenue from sale of goods

Revenue is measured at the transaction price of the consideration received or receivable. Revenue from sale of goods is recognised as and when the Company satisfies performance obligations by transferring control of the promised goods to its customers as per terms of contract. Amounts disclosed as revenue are net of returns, trade discounts, goods and services tax and amount collected on behalf of third parties.

ii. Revenue from other than sale of goods

- Export incentives and subsidies are recognised when there is reasonable assurance that the Company will comply with the conditions and the incentives/ subsidies will be received.

- Interest income is recognised on a time proportion basis taking into account the amount outstanding and the interest rate applicable.

(n) Borrowing costs

Borrowing costs are interest and other costs incurred in connection with borrowing of funds. Borrowing costs that are directly attributable to the acquisition, construction or production of a qualifying asset are capitalised as part of the cost of the asset. Qualifying asset is one that necessarily takes substantial period of time to get ready for its intended use. All other borrowing costs are recognised as expense in the period in which they are incurred.

HISAR SPINNING MILLS LIMITED

(o) Government grants

Government grants are recognised where there is reasonable assurance that the grant will be received and the Company will comply with all attached conditions.

Government grants that compensate the Company for expenses incurred are recognised in the Statement of Profit and Loss, as income or deduction from the relevant expense, on a systematic basis in the periods in which the expense is recognised.

Government grants relating to the purchase of property, plant and equipment are included in liabilities as deferred income and are credited to Statement of Profit and Loss on a diminishing balance basis over the expected lives of the related assets to match them with the costs for which they are intended to compensate and presented within other income. In case of the Government grant received is to compensate the import cost of assets subject to an export obligation as primary condition, Government grants are included in liabilities as deferred income and are credited to statement of profit and loss according to fulfilment of associated export obligation and presented within other operating revenues.

(p) Financial Instruments

A financial instrument is any contract that gives rise to a financial asset of one entity and a financial liability or equity instrument of another entity. Financial instruments also include derivative contracts such as foreign currency foreign exchange forward contracts.

Financial assets and liabilities are recognised when the Company becomes a party to the contractual provisions of the instrument. Financial assets and liabilities are initially measured at fair value, except for trade receivables which are initially measured at transaction price. Transaction costs that are directly attributable to the acquisition or issue of financial assets and financial liabilities (other than financial assets and financial liabilities at fair value through profit or loss) are added to or deducted from the fair value measured on initial recognition of financial asset or financial liability. Transaction costs directly attributable to the acquisition of financial asset or financial liabilities at fair value through profit or loss are recognized immediately in the Statement of Profit and Loss.

i. Non - Derivatives Financial assets

All regular way purchases or sales of financial assets are recognised and derecognised on a trade date basis. Regular way purchases or sales are purchases or sales of financial assets that require delivery of assets within the time frame established by regulation or convention in the marketplace.

All recognised financial assets are subsequently measured in their entirety at either amortised cost or fair value, depending on the classification of the financial assets.

Classifications

The Company classifies its financial assets as subsequently measured at either amortised cost or fair value depending on the Company's business model for managing the financial assets and the contractual cash flow characteristics of the financial assets.

Business model assessment

The Company makes an assessment of the objective of a business model in which an asset is held at an instrument level because this best reflects the way the business is managed and information is provided to management.

A financial asset is measured at amortised cost only if both of the following conditions are met:

- it is held within a business model whose objective is to hold assets in order to collect contractual cash flows.
- the contractual terms of the financial asset represent contractual cash flows that are solely payments of principal and interest.

After initial measurement, such financial assets are subsequently measured at amortised cost using the effective interest rate ('EIR') method. Amortised cost is calculated by taking into account any discount or premium on acquisition and fees or costs that are an integral part of the EIR. The EIR amortisation is included as finance income in the profit or loss. The losses arising from impairment are recognised in the profit or loss.

A financial asset is measured at fair value through other comprehensive income (FVTOCI), where the financial assets are held not only for collection of cash flows arising from payments of principal and interest but also from the sale of such assets. Such assets are subsequently measured at fair value, with unrealised gains and losses arising from changes in the fair value being recognised in other comprehensive income.

A financial asset is measured at fair value through profit or loss (FVTPL), where the assets are managed in accordance with an approved investment strategy that triggers purchase and sale decisions based on the fair value of such assets. Such assets are subsequently measured at fair value, with unrealised gains and losses arising from changes in the fair value being recognised in the Statement of Profit and Loss in the period in which they arise.

FVTPL is a residual category for financial assets. Any financial asset which does not meet the criteria for categorization as at amortised cost or as FVTOCI, is classified as FVTPL.

Derecognition of financial assets

The Company derecognises a financial asset when the contractual rights to the cash flows from the financial asset expire, or it transfers the rights to receive the contractual cash flows in a transaction in which substantially all of the risks and rewards of ownership of the financial asset are transferred or in which the Company neither transfers nor retains substantially all of the risks and rewards of ownership and does not retain control of the financial asset.

If the Company enters into transactions whereby it transfers assets recognised on its balance sheet, but retains either all or substantially all of the risks and rewards of the transferred assets, the transferred assets are not derecognised.

On derecognition of a financial asset, the difference between the carrying amount of the asset (or the carrying amount allocated to the portion of the asset derecognised) and the sum of (i) the consideration received (including any new asset obtained less any new liability assumed) and (ii) any cumulative gain or loss that had been recognised in OCI is recognised in Statement of Profit and Loss.

HISAR SPINNING MILLS LIMITED

ii. Financial liabilities

All financial liabilities are subsequently measured at amortised cost using the effective interest method or at FVTPL.

Financial liabilities measured at amortised cost

After initial recognition, interest-bearing loans and borrowings are subsequently measured at amortised cost using the EIR method. Gains and losses are recognised in the Statement of Profit and Loss when the liabilities are derecognised as well as through the EIR amortisation process.

Amortised cost is calculated by taking into account any discount or premium on acquisition and fees or costs that are an integral part of the EIR. The EIR amortisation is included as finance costs in the Statement of Profit and Loss.

The effective interest method is a method of calculating the amortised cost of a financial liability and of allocating interest expense over the relevant period. The effective interest rate is the rate that exactly discounts estimated future cash payments through the expected life of the financial liability, or (where appropriate) a shorter period, to the net carrying amount on initial recognition.

Financial liabilities at fair value through profit or loss

Financial liabilities at fair value through profit or loss include financial liabilities designated upon initial recognition as at fair value through profit or loss. Financial liabilities at FVTPL are measured at fair value and net gains and losses, including any interest expense, are recognised in profit or loss.

Derecognition of financial liabilities

The Company derecognises a financial liability when its contractual obligations are discharged or cancelled, or expired.

iii. Derivative financial instruments

The Company uses derivative financial instruments, e.g. foreign currency foreign exchange forward contracts to hedge its foreign currency risks. Derivative financial instruments are initially recognised at fair value on the date a derivative contract is entered into and are subsequently re-measured at their fair value at the end of each period. Any gains or losses arising from changes in the fair value of derivatives are taken directly to profit or loss.

– (q) Measurement of fair values

In determining the fair value of its financial instruments, the Company uses a variety of methods and assumptions that are based on market conditions and risks existing at each reporting date. All methods of assessing fair value result in general approximation of value, and such value may never actually be realised.

Fair values are categorised into different levels in a fair value hierarchy based on the inputs used in the valuation techniques as follows:

- Level 1: quoted prices (unadjusted) in active markets for identical assets or liabilities.
- Level 2: inputs other than quoted prices included in Level 1 that are observable for the asset or liability, either directly (i.e. as prices) or indirectly (i.e. derived from prices).
- Level 3: inputs for the asset or liability that are not based on observable market data (unobservable inputs).

When measuring the fair value of an asset or a liability, the Company uses observable market data as far as possible. If the inputs used to measure the fair value of an asset or a liability fall into different levels of the fair value hierarchy, then the fair value measurement is categorised in its entirety in the same level of the fair value hierarchy as the lowest level input that is significant to the entire measurement.

The Company recognises transfers between levels of the fair value hierarchy at the end of the reporting period during which the change has occurred.

(r) Cash and cash equivalents

Cash and cash equivalent in the balance sheet comprise cash at banks, cash on hand and short-term deposits with an original maturity of three months or less from the date of acquisition, that are readily convertible to a known amount of cash and subject to an insignificant risk of changes in value. For the purposes of the Cash flow statement, cash and cash equivalents is as defined above, net of outstanding bank overdrafts. In the balance sheet, bank overdrafts are shown within borrowings in current liabilities.

(s) Earnings per share

Basic earning per share is calculated by dividing the net profit or loss for the year attributable to equity shareholders by the weighted average number of equity shares outstanding during the year.

For the purpose of calculating diluted earnings per share, the net profit or loss for the year attributable to equity shareholders and the weighted average number of shares outstanding during the year are adjusted for the effects of all dilutive potential equity shares.

(t) Provisions and contingent liabilities

A provision is recognised if, as a result of a past event, the Company has a present legal or constructive obligation that can be estimated reliably, and it is probable that an outflow of economic benefits will be required to settle the obligation. Provisions are determined by discounting the expected future obligation at pre-tax rate that reflects current market assessments of the time value of money risks specific to liability. They are not discounted where they are assessed as current in nature. Provisions are not made for future operating losses.

Contingent liabilities are disclosed when there is a possible obligation arising from past events, the existence of which will be confirmed only by the occurrence or non-occurrence of one or more uncertain future events not wholly within the control of the Company or a present obligation that arises from past events where it is either not probable that an outflow of resources will be required to settle or reliable estimate of the amount cannot be made. Contingent assets are not recognised in the financial statements but disclosed, where an inflow of economic benefit is probable.

Commitments are items that are not reported as liabilities as on reporting date. Capital commitments are disclosed when there is a projected capital expenditure to spend on long-term assets over a period of time. Other commitments are disclosed when there is an undertaking to fulfil quantified exports in future years.

Provisions, contingent liabilities and contingent assets and commitments are reviewed at the end of each reporting date.

HISAR SPINNING MILLS LIMITED

(u) Taxation

Income tax expense represents the sum of tax currently payable and deferred tax. Current and deferred tax are recognised in the Statement of Profit and Loss, except when they relate to items that are recognised in Other Comprehensive Income or directly in equity, in which case, the current and deferred tax are also recognised in Other Comprehensive Income or directly in equity respectively.

i. Current tax

Current tax comprises the expected tax payable or receivable on the taxable income or loss for the year and any adjustment to the tax payable or receivable in respect of previous years. The amount of current tax reflects the best estimates of the tax amount expected to be paid or received after considering the uncertainty, if any, related to income taxes. It is measured using tax rates (and tax laws) enacted or substantively enacted by the reporting date.

Current tax assets and current tax liabilities are offset only if there is a legally enforceable right to set off the recognised amounts, and it is intended to realise the asset and settle the liability on a net basis or simultaneously.

ii. Deferred tax

Deferred tax is recognised on temporary differences between the carrying amounts of assets and liabilities in the balance sheet and the corresponding tax bases used in the computation of taxable profit. Deferred tax liabilities are generally recognised for all taxable temporary differences. Deferred tax assets are generally recognised for all deductible temporary differences to the extent that it is probable that taxable profits will be available against which those deductible temporary differences can be utilised. Such deferred tax assets and liabilities are not recognised if the temporary difference arises from the initial recognition of other assets and liabilities in a transaction that affects neither the taxable profit nor the accounting profit.

The carrying amount of deferred tax assets is reviewed at the end of each reporting date and reduced to the extent that it is no longer probable that sufficient taxable profits will be available to allow all or part of the asset to be recovered.

Unrecognised deferred tax assets are reassessed at each reporting date and recognised to the extent that it has become probable that future taxable profits will be available against which they can be used.

Deferred tax assets and liabilities are measured at the tax rates that are expected to apply in the period in which the liability is settled or the asset realised, based on tax rates (and tax laws) that have been enacted or substantively enacted by the reporting date. The measurement of deferred tax assets and liabilities reflects the tax consequences that would follow from the manner in which the Company expects, at the reporting date, to recover or settle the carrying amount of its assets and liabilities.

Deferred tax assets and liabilities are offset when there is a legally enforceable right to set off current tax assets against current tax liabilities and when they relate to income taxes levied by the same taxation authority and the Company intends to settle its current tax assets and liabilities on a net basis.

(v) Segment reporting

The Company is primarily in the business of manufacturing and sale of cotton yarn blended (textile product). The Board of Directors of the Company, which has been identified as being the Chief Operating Decision Maker (CODM), evaluates the Company's performance, allocate resources based on the analysis of the various performance indicator of the Company as a single unit. Therefore, there is only one reportable segment for the Company.

(w) Recent accounting pronouncements

On 31st March, 2023, the Ministry of Corporate Affairs ("MCA") through Companies (Indian Accounting Standards) Amendment Rules, 2023 has notified various amendments to Ind AS. These amendments are applicable to the Company from 1st April, 2023.

I. Ind AS 1 - Presentation of Financial Statements

The amendments require companies to disclose their material accounting policies rather than their significant accounting policies. Accounting policy information, together with other information, is material when it can reasonably be expected to influence decisions of primary users of general purpose financial statements. The Company does not expect this amendment to have any significant impact in its financial statements.

II. Ind AS 8 - Accounting Policies, Changes in Accounting Estimates and Errors

This amendment has introduced a definition of 'accounting estimates' and included amendments to Ind AS 8 to help entities distinguish changes in accounting policies from changes in accounting estimates. Under the new definition, accounting estimates are "monetary amounts in financial statements that are subject to measurement uncertainty". Entities develop accounting estimates if accounting policies require items in financial statements to be measured in a way that involves measurement uncertainty. The Company does not expect the amendment to have any significant impact in its financial statements.

III. Ind AS 12 - Income taxes

The amendments clarify how companies account for deferred tax on transactions such as leases and decommissioning obligations. This amendment has narrowed the scope of the initial recognition exemption so that it does not apply to transactions that, on initial recognition, give rise to equal and deductible temporary differences. The Company does not expect the amendment to have any significant impact in its financial statements.

Nature and purpose of reserves/ other equity:

(a) Equity component of redeemable preference shares: Under previous GAAP, 5% redeemable non-cumulative preference shares of ₹ 65.00 Lakhs were classified as part of total equity. However, under Ind AS the non-cumulative redeemable preference shares are compound financial instruments, where the liability component outstanding at the date of transition is bifurcated by first valuing the debt component with the residual being equity. The liability component is determined as the present value of the eventual redemption amount of ₹ 65.00 Lakhs of preference shares, discounted at the rate at which the Company could issue a similar instrument with a similar credit standing but without the feature of discretionary dividends during its life. At the transition date i.e., 01.04.2018, 5% redeemable non-cumulative preference shares of ₹ 65.00 Lakhs were bifurcated into liability component amounting to ₹ 21.95 Lakhs and the residual ₹ 43.05 Lakhs being equity. The preference shares of ₹ 65.00 Lakhs were redeemed at a pre-mature date during the financial year 2018-19. At the time of pre-mature redemption of 5% redeemable non-cumulative preference shares of ₹ 65.00 Lakhs during the financial year 2018-19, an amount of ₹ 25.50 Lakhs were allocated from equity component of compound financial instrument and residual ₹ 39.50 Lakhs from the liability component by taking the fair value of compound financial instrument at the time of its redemption. After allocation of ₹ 25.50 Lakhs from equity component of compound financial instrument at the time of its redemption, balance amount of ₹ 17.55 Lakhs is outstanding as on the Balance Sheet date.

(b) Capital redemption reserve: Capital redemption reserve has been created pursuant to the provisions of Section 55 of the Companies Act, 2013 on account of redemption of preference shares out of the profits of the Company.

(c) Retained earnings: Retained earnings are the profit that the Company has earned till date, less any transfers to general reserve, dividends or other distributions paid to investors.

Remeasurements of the defined benefit plans which are the part of retained earnings represents the following as per Ind AS 19, Employee Benefits:

- (i) actuarial gains and losses;
- (ii) the return on plan assets, excluding amounts included in net interest on the net defined benefit liability (asset); and
- (iii) any change in the effect of the asset ceiling, excluding amounts included in net interest on the net defined benefit liability (asset).

HISAR SPINNING MILLS LIMITED

B. Financial risk management

The Company has exposure to the following risks arising from financial instruments:

- credit risk
- liquidity risk
- market risk

I. Risk management framework

The Company's board of directors has overall responsibility for the establishment and oversight of the Company's risk management framework. The Board of Directors has established the processes to ensure that executive management controls risks through the mechanism of properly defined risk management framework.

The Company's risk management policies are established to identify and analyse the risks faced by the Company, to set appropriate risk limits and controls and to monitor risks and adherence to limits. Risk management policies and systems are reviewed by the board regularly to reflect changes in market conditions and the Company's activities. The Company, through its policies and procedures, aims to maintain a disciplined and constructive control environment in which all employees understand their roles and responsibilities.

II. Credit risk

Credit risk is the risk of financial loss to the Company if a customer or counterparty to a financial instrument fails to meet its contractual obligations, and arises principally from the Company's receivables from customers.

The carrying amounts of financial assets represent the maximum credit risk exposure. The Company monitor credit risk very closely both in domestic and export market. The Management impact analysis shows credit risk and impact assessment as low.

Trade receivables

The Company's exposure to credit risk is influenced mainly by the individual characteristics of each customer. However, management also considers the factors that may influence the credit risk of its customer base, including the default risk associated with the industry and country in which customers operate.

The Company Management has established a credit policy under which each new customer is analysed individually for creditworthiness before the Company's standard payment and delivery terms and conditions are offered. The Company's review includes market check, industry feedback, past financials and external ratings, if they are available, and in some cases bank references. Sale limits are established for each customer and reviewed monthly basis. Any sales exceeding those limits require approval from the Company's management.

Most of the Company's customers have been transacting with the Company from past few years, and most of these customers' balances are not credit-impaired at the reporting date except in few cases reported. Identifying concentrations of credit risk requires judgement in the light of specific circumstances. The Company monitors ageing of its trade receivables regularly and based on the same takes corrective action. Trade receivables having ageing more than 180 days is monitored individually and loss allowance is created based on such assessment.

The carrying amount (net of loss allowances) of trade receivables is 31st March, 2023 ₹ 416.51 Lakhs and 31st March, 2022 ₹ 240.29 Lakhs.

A summary of the Company's exposure to credit risk for trade receivables based on the ageing is as follows:

| Ageing of receivable | As at 31st March, 2023 | | As at 31st March, 2022 | |
|----------------------|------------------------|----------------------|------------------------|----------------------|
| | Gross Carrying amount | Expected Credit loss | Gross Carrying amount | Expected Credit loss |
| Less than 180 days | 416.51 | 0.00 | 240.29 | 0.00 |
| More than 180 days | 0.00 | 0.00 | 0.00 | 0.00 |

During the year, the Company has made no write-offs of trade receivables.

| Revenue from top 5 customers | 2654.69 | 2127.69 |
| % of total sales of products from top 5 customers | 58.81 | 61.71 |

iii. Liquidity risk-

Liquidity risk is the risk that the Company will encounter difficulty in meeting the obligations associated with its financial liabilities that are settled by delivering cash or another financial asset. The Company's approach to manage liquidity is to ensure, as far as possible, that it will have sufficient liquidity to meet its liabilities when liabilities are fallen due, under both normal and stressed conditions, without incurring unacceptable losses or risking damage to the Company's reputation.

Prudent liquidity risk management implies maintaining sufficient cash and marketable securities and the availability of fund through an adequate amount of committed credit facilities to meet obligations when due and to close out market positions. Due to the dynamic nature of the underlying businesses, the Company maintains flexibility in funding by maintaining availability under committed credit line.

Management monitors rolling forecasts of the Company's liquidity position (comprising the undrawn borrowing facilities) and cash and cash equivalents on the basis of expected future cash flows in accordance with practice and limits set by the Company.

(a) Financing

The Company have access to the following undrawn borrowing facilities as at reporting date:

The interest payments on variable interest rate loans in the table above reflect market forward interest rates at the reporting date and these amounts may change as market interest rates change.

iv. Market risk

Market risk is the risk that changes in market prices - such as foreign exchange rates, interest rates and equity prices - will affect the Company's income or the value of its holdings of financial instruments. The objective of market risk management is to manage and control market risk exposures within acceptable parameters, while optimising the return.

HISAR SPINNING MILLS LIMITED

Currency risk

The Company is exposed to currency risk to the extent that there is a mismatch between the currencies in which sales and purchases are denominated. The currencies in which these transactions are primarily denominated are USD, GBP and Euro. The Company uses forward exchange contracts to hedge its currency risk, most with a maturity of less than one year from the reporting date.

Exposure to

The summary quantitative data about the Company's exposure to currency risk (based on notional amounts) as reported to the management is as follows:

| As at 31st March, 2023 | Currency | Amount in foreign currency | Exchange rate (In absolute ₹) | Unhedged amount (₹ In Lakhs) |
|--|----------|-------------------------------|-------------------------------------|---------------------------------|

| Trade receivable | USD | 0 | 0.00 | 0.00 |
| Net exposure in respect of recognised assets and liabilities | | | | 0.00 |

Sensitivity analysis

A reasonably possible strengthening (weakening) of the INR, EUR, USD and GBP against all other currencies at year end would have affected the measurement of financial instruments denominated in a foreign currency and affected equity and profit or loss by the amounts shown below. This analysis assumes that all other variables remain constant and ignores any impact of forecast sales and purchases.

| Currency | Movement in foreign Currency | As at 31st March, 2023 | | As at 31st March, 2022 | |
|----------|---------------------------------|---------------------------|--------------------|---------------------------|--------------------|
| | | Increase in profit | Decrease in profit | Increase in profit | Decrease in profit |
| EUR | 5% movement | 0.00 | 0.00 | 0.00 | 0.00 |
| USD | 5% movement | 0.00 | 0.00 | 0.00 | 0.00 |

Interest rate risk

Interest rate risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in prevailing market interest rates. The Company's exposure to the risk due to changes in interest rates relates primarily to the Company's short-term and long-term borrowings with floating interest rates.

The Company is exposed to changes in market interest rates through bank borrowings at variable interest rates.

Below is the overall exposure of the Company to interest rate risk:

| Particulars | ₹ in lakhs | |
|--------------------------|---------------------------|---------------------------|
| | As at 31st March, 2023 | As at 31st March, 2022 |
| Variable rate borrowings | 294.37 | 463.94 |
| Total Borrowings | 294.37 | 463.94 |

HISAR SPINNING MILLS LIMITED

Sensitivity

Below is the sensitivity of profit or loss and equity changes in interest rates.

| Particulars | ₹ in lakhs | |
|---|---------------------------|---------------------------|
| | As at 31st March, 2023 | As at 31st March, 2022 |
| Interest rates – Increase by 100 basis points | -2.94 | -4.64 |
| Interest rates – decrease by 100 basis points | 2.94 | 4.64 |

Note: If the rate is decreased by 1% profit will increase by an equal amount.

- Interest rate sensitivity has been calculated assuming the borrowings outstanding at the reporting date have been outstanding for the entire reporting year.

C. Capital Management

The Company manages its capital to ensure the Company's ability to continue as going concern and to create value for shareholders by facilitating the meeting of long term and short term goals of the Company. The Company manages capital risk in order to maximize shareholders' profit by maintaining sound/optimal capital structure through monitoring of financial ratios, such as net debt-to-equity ratio. The funding needs are met through equity, cash generated from operations, long term and short term bank borrowings. Net debt includes interest bearing borrowings less cash and cash equivalents and other bank balances.

The Company's net debt-to-equity ratio was as follows:

The table below summarises the capital, net debt and net debt-to-equity ratio (Gearing ratio) of the Company:

| Particulars | ₹ in lakhs | |

The expenses incurred on account of the above defined contribution plans have been included in note no. 30 "Employee benefits expense" under the head "Contribution to provident and other funds".

B. Defined Benefit Plans

Gratuity

The Company provides to the eligible employees defined benefit plans in the form of gratuity. The gratuity plan provides for a lump sum payment to vested employees at retirement, death while in employment or on termination of employment of an amount equivalent to 15 days' salary payable for each completed year of service. Vesting occurs upon completion of five continuous years of service. The measurement date used for determining retirement benefits for gratuity is 31st March.

These plans typically expose the Company to actuarial risks such as investment risk, interest rate risk, longevity risk and salary risk.

Investment risk:

The probability or likelihood of occurrence of losses relative to the expected return on any particular investment.

Interest rate risk:

The plan exposes the Company to the risk of fall in interest rates. A fall in interest rates will result in an increase in the ultimate cost of providing the above benefit and will thus result in an increase in the value of the liability.

Longevity risk:

The present value of defined benefit plan liability is calculated by reference to the best estimate of the mortality of plan participants both during and after employment. An increase in the life expectancy of the plan participants will increase the plan's liability.

Salary risk:

The present value of the defined benefit plan is calculated with reference to the future salaries of participants under the plan. Increase in salary due to adverse inflationary pressures might lead to higher liabilities.

VII Sensitivity Analysis

Significant actuarial assumptions for the determination of the defined benefit obligation are discount rate and expected salary increase rate. Effect of change in mortality rate is negligible. The sensitivity analysis is presented below may not be representative of the actual change in the defined benefit obligation as it is unlikely that the change in assumption would occur in isolation of one another as some of the assumptions may be correlated. The results of sensitivity analysis are given below:

| Particulars | ₹ in lakhs | |
|-----------------------------------|---------------------------|---------------------------|
| | As at 31st March, 2023 | As at 31st March, 2022 |
| Defined benefit obligation (base) | 38.64 | 44.15 |
| Discount Rate | | |
| 1.00% Increase | -1.07 | -1.14 |
| 1.00% decrease | 1.13 | 1.20 |
| Salary Growth Rate | | |
| 1.00% Increase | 1.12 | 1.17 |
| 1.00% decrease | -1.08 | -1.14 |
| Withdrawal Rate | | |
| 1.00% Increase | -0.09 | -0.14 |
| 1.00% decrease | 0.09 | 0.14 |
